PURPOSE

This Administrative Procedures Manual is the written source of organizational direction for CFUW Owen Sound and Area. For the purpose of this document, the name will hereafter be noted as the "Club". The manual is a compilation of decisions that have been made by the executive committee.

Administrative procedures are prescribed courses of action to direct day-to-day Club management. They supplement Club policy and must be consistent with Club policies and priorities. Procedures evolve as new processes are designed and the environment changes.

The manual will be formally reviewed and revised as necessary by the Executive Committee every two years. This will occur after the completion of the program year. On an on-going basis, adjustments will be made as a result of motions passed at Executive Committee or general meetings.

Any updates to the manual will be posted to the Club's website and available to any member on a continual basis. An updated manual will be distributed by the President to the Executive Committee at the commencement of the new program year.

ADVOCACY

PURPOSE

This administrative procedure supports CFUW Owen Sound and Area's Policy GOV-04 Advocacy which encourages members to influence public policy, laws, and budgets.

As set out in the Advocacy Policy, CFUW National or one of the Provincial Councils may ask Clubs to participate in campaigns that will place pressure on local politicians to pass or oppose certain legislation, get an issue on their agenda, and/or raise public awareness about certain issues. An advocacy undertaking put forth to national or provincial organizations must be authorized by the Club Executive. Further, an individual club or club members are able to bring forth issues of concern that may exist within the local community. It is imperative that these advocacy issues should reflect the mission and purpose of the CFUW.

PROCEDURES

The Development of Resolutions

1. Resolutions form the framework for the National and/or Provincial CFUW's action and advocacy. They are developed annually by CFUW Clubs across Canada on issues of concern. The issues are researched and proposed by an individual club or national committees, then sent to each Club for their review.
2. Members of the Club are encouraged to consider, research, and participate in the development of resolutions. Any resolutions developed will be considered by the Club Executive. Upon approval by the Club membership of a resolution created within the Club, the resolution will be forwarded to the national organization.
3. A detailed reference on resolutions is found at: [Schedule for Resolutions – CFUW Members site \(cfuwadmin.org\)](http://cfuwadmin.org) That resource provides a summary of the process and significant due dates for the development of a resolution in Appendix B, as follows:

Summary of Process

Resolutions proceed through the following steps:

- 3.1. The Proposer (A Club/Council or National Committee) identifies an issue and begins to frame a Resolution.
- 3.2. The Proposer drafts an Intent to Submit a Resolution, and presents an Intent to Submit a Resolution to the Resolutions Committee by November 15.
- 3.3. The National Office will publish Intents by November 30 after a review by the Resolutions Committee.
- 3.4. Local club /Council/National Committee submits draft Resolution.
- 3.5. Resolutions are sent to the Resolutions Committee by January 15.
- 3.6. Clubs across Canada will be informed of potential Resolutions January 15.
- 3.7. The Resolutions Committee reviews draft Resolutions by January 30.
- 3.8. Proposer receives Feedback from Resolutions Committee January 15-30.

3.9. The Proposer resubmits draft Resolution, if necessary, by February 7.

4. Final Review and Presentation

4.1. Clubs review and amend the Resolutions February 15 to April 15. Proposers will be assigned a specific email address for their Resolution, e.g., resolution1@cfuw.org where they will receive advice of amendments. As soon as possible after April 15 the proposer will send final amended Resolutions to resolutions@cfuw.org

4.2. The amended draft Resolutions will be available by approximately June 1.

4.3. The proposed Resolutions are presented at the National AGM.

4.4. Post-AGM Resolutions are written into policy. Proposing clubs are an integral member of the team and must be prepared to work with National Office in creating the post AGM Resolutions package.

5. Review at the Club Level

5.1. The Club circulates all proposed CFUW National and/or Provincial resolutions to the Club's membership before March each spring. The March general meeting is designated for the presentation of a summary of the CFUW National resolutions.

5.2. At the determination of the Executive Committee, the resolutions may also be discussed, debated, and voted on by the Club's membership at that meeting. These results are then submitted by the local Club Executive to the national organization. They will then, in turn, be voted on at the next National Annual General Meeting.

5.3. Once the resolutions have been adopted at the National AGM, they will be indexed and placed in the National Policy Book for future reference. Many of these resolutions are communicated to Clubs via the National Action Newsletter.

6. Advocacy Committee

6.1. The Club's Advocacy Committee was formed for the purpose of actively supporting a cause or proposal. The Committee will focus on those issues which affect women and children, exist within the community, or are of national concern.

6.2. The Advocacy Committee may develop a resolution for the local Club or a resolution to propose for attention at CFUW National. The Advocacy Committee will engage in activities to influence public policy, laws, and budgets by using facts, their relationships, the media, and messaging to educate government officials and the public.

These examples include letters, photographs, newsletters, special projects, brochures, programs of important events, annual reports, membership lists, and minutes of meetings.
- 8.2. Archived material must be properly labelled and filed in a safe environment.

CODE OF CONDUCT: ADMINISTRATION

PURPOSE

CFUW Owen Sound and Area has developed this administrative procedure to support and implement GOV-08 Code of Conduct and to promote respectful conduct for members of the Club. The Club is committed to establishing and maintaining a positive environment by providing clarity to all members about conduct that is considered disrespectful or harassing and will not be condoned.

PROCEDURES

1. Essential First Steps

- 1.1. Any member who has reasonable grounds to believe that another Club member has breached the code of conduct will bring the alleged breach to the attention of the member in a confidential conversation conducted in person or on the telephone. The intention is to strive to resolve the issue in a respectful way, seeking to understand and to be understood.
- 1.2. A contravention of the code may occur that is committed through inadvertence, or an error of judgment made in good faith. In the spirit of collegiality and the best interests of the Club, the first purpose of alerting a member to a breach of the Code is to deal quickly and effectively to resolve the issue.
- 1.3. It is important to be open to the perspective of the other person and to engage in the discussion in a spirit of cooperation.

2. Informal Resolution

- 2.1. If the concern cannot be resolved in the dialogue described above, the member alleging a breach of the code may ask the president of the Club to facilitate a meeting with both parties to seek a resolution. If the president is involved in the dispute, this contact will be made with the past-president or failing that, the vice-president.

- 2.2. The president (past-president or vice-president) may designate another member of the executive committee to perform the role of mediator and to arrange a meeting in which the problem and possible solutions will be discussed with both parties. Both the meeting and the identity of the mediator must be acceptable to both parties. This dialogue is to support a resolution between the parties, with a view to correcting behaviour and preserving relationships.
- 2.3. The member bringing the issue forward will be asked if she has tried to resolve the issue personally with the member involved. The president or designate may require this step before proceeding.
- 2.4. The member of the executive committee acting as mediator will set up a meeting with each participant before the joint meeting to build trust in the process. The mediator will present basic terms of reference that stress that the only goal is resolution of the dispute and set out ground rules about respectful conduct.
- 2.5. Participants are encouraged to make notes which reflect, as much as possible, the dates, times, nature of the conduct, any witnesses, and what was done. These notes will be useful to anyone assisting in resolving the problem.
- 2.6. The member of the executive committee acting as mediator will document efforts at resolution, and may appoint an individual to take notes, if acceptable to both parties. Such documentation is to remain confidential to those involved at this stage of the procedure.
- 2.7. Every effort will be made to resolve the problem at this point for the good of the Club as a whole. Informal resolution strategies are not intended to be disciplinary or threatening to the Club member who is accused of objectionable conduct. A member who is alleged to have demonstrated objectionable conduct has a right to know in a timely manner that she is the subject of a complaint, who the complainant is, and what the specific allegations are.
- 2.8. The informal resolution process is the most efficient way to address conflict within the Club. It gives the offending member the benefit of the doubt that he or she may have been unaware of the concern caused by the behaviour. It provides a method of dealing with misconduct before it causes real harm to one or more Club members, and is the best chance to restore relationships and enable members to work together productively.

2.9. Formal complaints shall only be initiated once all reasonable efforts have been made to resolve the conflict informally. Only serious and/or reoccurring breaches of the code, including conduct defined as harassment, will be investigated following the formal complaint procedure.

3. **Formal Resolution**

3.1. The president or designate will arrange for a formal investigation with three appointed officers of CFUW Owen Sound and Area. Following the completion of the procedures in section 4 below, a report of the results will be provided to the executive committee at a closed session. The report will describe the process without naming the individuals involved.

3.2. The officers of the Club will agree upon a plan of action that may include a request that a member refrain from certain conduct or withdraw from certain club activities. This information is to be documented and shared with the member informally and, if necessary, in writing.

3.3. Documentation must include only factual information, not opinions of members. All documentation is to be kept confidential and shared only on a need-to-know basis. Documentation must be destroyed once it is no longer relevant (i.e., if the issue has been resolved, or if the member resigns from the Club).

3.4. The Regional Director of CFUW Ontario Huron may be approached for assistance with this procedure at any point in the process, if required.

3.5. Should the disrespectful behaviour continue, the president or designate will:

- a) give a verbal warning that failure to comply will lead to further action;
- b) send a mailed written warning if the situation is of a serious nature or the member fails to comply with the verbal request;
- c) send a mailed written notice of the prohibition of the member's participation in club activities or withdrawal of membership if the member fails to comply with the written warning;
- d) if appropriate, notify the member that the member may reapply for Club membership after one calendar year.

3.6. In the case of membership withdrawal, the president, in consultation with the officers of the Club, may decide to refund a portion of the member's dues. The Regional Director of Ontario Council will be informed of the outcome if the Director has been involved in resolution of the dispute.

3.7. In the case of the behaviour being that of the president, the officers of the Club may take the steps outlined above.

4. **Steps in a Formal Investigation:** [Adapted with permission from the Guelph CFUW Respectful Treatment Procedure]

- a) Interview the person who has raised the concern.
- b) Interview the witness(es), if applicable, if there is factual information to report.
- c) Meet with the person alleged to have acted disrespectfully to present the complaint and hear the response and determine the facts.
- d) Determine what steps have been tried to resolve the complaint.
- e) Recommend a response, which may include disciplinary action as well as initiatives to provide support.

When communicating with the individual raising the concern:

- a) Listen and take the issue seriously.
- b) Discuss the process to be followed.
- c) Direct the individual to keep the matter confidential.
- d) Inform and support the individual throughout the process.
- e) Inform the individual of the investigative findings and actions taken by the officers of the Club and ensure the situation is documented appropriately.

When communicating with the person alleged to have committed the disrespectful behaviour:

- a) Inform the person of the complaint.
- b) Give her an opportunity to respond to the allegations.
- c) Discuss the process to be followed.
- d) Direct the individual to keep the matter confidential.
- e) Inform the individual throughout the process.
- f) Inform the individual of the outcome of the investigation.

If a Club member makes a false allegation:

If the investigation proves that the complaint was deliberately made for frivolous or vindictive reasons, the member making the false allegation is subject to action as decided by the president or designated authority in consultation with the Officers of the Club. This does not apply to complaints made in good faith but which are not proven.

- 2.2. If special circumstances exist or if a unique opportunity arises, the Executive Committee will give consideration to approving an additional event.

3. Accountability

- 3.1. It is the responsibility of the Executive Committee to hear any specific proposals, ask questions, express concerns, make recommendations, and ultimately approve the Outreach Proposal.

- 3.3. All details with respect to the event will be agreed upon in a written contract after the approval by the Club Executive and the general membership.
- 3.4. This written contract will be formalized between the Club and the other party/parties. The contract will outline more detailed information, specify the financial and technical aspects of the event, establish the date, the venue, and will include any further details considered applicable.

4. Financing

- 6.3. It is expected that the Outreach Committee will need at least one-year lead time in order to organize an event of this magnitude. The Committee will be formed for a one-time only event and be dissolved after the completion of a final summary report of the event.
- 6.4. The Outreach Committee will be able to assign a Chair.
- 6.5. The Outreach Committee will seek ideas for the event, speakers, etc. from club members and they will assess the ideas based on their appropriateness, relationship to the CFUW mission and values, and the related financial impacts. The Outreach Committee will meet as often as required to plan and organize the event.

MEMORIAL DONATIONS AND SPECIAL TRIBUTES

PURPOSE

CFUW Owen Sound and Area is sadly impacted as a Club when a member or member's partner dies. The Club is committed to expressing its sincere sympathy in appropriate ways, including making a memorial donation.

The Club also recognizes and supports members who are experiencing serious illness or personal loss, and celebrates with those who have achieved special success or recognition.

GUIDING PRINCIPLES

1. The Club recognizes that appropriate guidelines are required to ensure that when a gift or other form of support is made to a Club member, it is done with sensitivity and in a consistent manner throughout the organization.
2. Advance planning is necessary to enable the Club to respond effectively to a death, illness, or serious loss, as well as to a member's success.
3. All Club members must be made aware of this procedure to ensure clear understanding of the guidelines and the goal of consistent practice.

PROCEDURES

1. Deaths:

- 1.1. The Club strives to mark sad occasions with dignity and compassion, and to assist in the healing process by supporting those affected.
- 1.2. Following approval of the family concerned, the president or designate will send a standard message to all Club members that provides a sensitive announcement of the death. The message will include the following information:
 - a) name of the deceased and relation to the Club member (in the case of a partner);
 - b) name and location of the funeral home or other location, if applicable; and
 - c) dates and times of visitation and date and time of the funeral or memorial service, if applicable and as available.
- 1.3. CFUW Owen Sound and Area will send, in the Club's name, a financial contribution in memory of the deceased to one of the following, as approved by the family:
 - a) a registered charity, research association, or specified school;
 - b) a contribution to scholarship or other education fund in the name of the deceased; or
 - c) a memorial recognition suggested by the family that supports the goals of the Club, e.g.; tree planting, books for a public or school library.

1.4. It is the responsibility of the past-president or designate to arrange for this tribute as follows:

- a) The amount of the donation shall be sixty (60) dollars;
- b) The president and treasurer will be notified of the name of the member or member's partner, and the name and complete mailing address of the charity or organization to which the donation has been made.
- c) All Club members will be informed about the donation and how funds were directed.

1.5. Members of the Club are encouraged to provide direct support to the bereaved member or family in the form of cards, email messages, phone calls, and visits. It is important to demonstrate caring without overwhelming the bereaved person or creating stressful expectations for responses.

1.6. Members of a Club interest group may decide to provide support beyond that offered by the Club as a whole to a member who attended that group and who has been bereaved. The interest group should give careful consideration to establishing a consistent process to support all group members in the same situation with a similar level of support. It must be clear that the gift is from the interest group, not the Club as a whole, and the president of the Club must be notified.

2. Illness, Injury, Loss, Success

2.1. The past-president of the Club will act as the benevolence contact with outreach and cards to members experiencing an illness, injury, loss, or special success, and act on behalf of the Club, as required.

2.2. In the event of serious illness or injury, a card in the name of the Club, and a visit or phone call as appropriate will be provided to support the Club member.

2.3. Following approval by the member concerned, members of the Club will be informed about these circumstances, and are encouraged to provide direct support to the member in the form of cards, email messages, phone calls, and visits.

2.4. In the case of loss or success, the Club will recognize the member with an appropriate card signed in the name of the Club. In the case of success, following approval by the member, a recognition of the member's achievement will be reported in the Club newsletter.

2.5. Members of a Club interest group may decide to provide support beyond that offered by the Club as a whole to a member who attended that group and who is ill or has been injured. The interest group should give careful consideration to establishing a consistent process to support all group members in the same situation with a similar level of support. It must be clear that the gift is from the interest group, not the Club as a whole, and the president of the Club must be notified.
